My Net Worthwhile® is to provide knowledge and be a resource to the SignatureFD team so they can help our clients to the best of their abilities.

Chad has over 24 years of experience within the investment and accounting-related industries. He began his career in the mutual funds department for a regional broker-dealer. For 12 years, he worked as an investment performance analyst for the Atlanta Consulting Group, an institutional investment consultant in Atlanta. He was promoted to first vice president during his time. After obtaining his graduate degree, he transitioned his career to become a tax associate with Frazier & Deeter. Using the valuable knowledge and experience he received working with the CPA firm and dealing with partnerships and individual tax, he found the perfect fit for his experience and education with a position at SignatureFD.

As director of fund management, Chad is responsible for managing the day-to-day operations of the SignatureFD-managed private funds, and conducting operational due diligence on all alternative investments. With experience in mutual fund trading, tax planning, and portfolio analysis, Chad brings a wide range of hands-on, problem-solving skills to SignatureFD. In addition to bringing excellence to alternative fund operations and reporting, he works to institute firm-wide projects that bring together technology, processes, and data to serve our clients better.

Chad holds a master's in professional accountancy from Georgia State University and a Bachelor of Science from Auburn University.
