My NET WORTHWHILE™ is to help clients gain freedom in their financial life, so they can focus on and have a bigger impact on what is most important to them.

Clara's experience overseas, serving people who had next to nothing financially but all the freedom and joy in the world, gave her the passion to help her clients who oftentimes feel overwhelmed by their wealth and the decisions that come along with it. Clara specializes in working with executives and high net worth individuals to help bring clarity to their situation and see the whole picture when making decisions.

Prior to joining SignatureFD, Clara was a Wealth Planner with Wells Fargo Private Bank where she worked with high net-worth business owners, executives, and families. Previously, she was a Planning Associate with Keel Point, LLC where she worked with ultra-high net worth individuals. She graduated from Clemson University with a Bachelor of Science in Corporate Finance.

In 2011, Clara participated in The World Race through Adventures in Missions. She spent a year leading a team of seven other volunteers doing mission work in 11 countries in the Caribbean, Central and South America, Africa, and Southeast Asia.

Certified Financial Planner Board of Standards Inc. owns the certification marks CFP®, CERTIFIED FINANCIAL PLANNER™, CFP® and CFP® in the U.S., which it awards to individuals who successfully complete CFP Board's initial and ongoing certification requirements.
