My Net Worthwhile® is to use my love for helping people to make day-to-day life for our clients as smooth as possible.

Through her passion for helping people, Emily shines as a SignatureFD Senior Client Care Associate.

First drawn to this position to work directly with people in big and small ways, Emily's responsibilities include resolving client inquiries, managing cash movements, preparing client reports, processing client paperwork, and assisting with meeting preparation.

Emily holds a Bachelor of Arts in Marketing from the University of Georgia. She dreams of one day working for a non-profit or traveling full-time. When she isn't patiently assisting clients in any way she can, she enjoys traveling, hiking, or spending time with friends.
