My Net Worthwhile® is to embrace my service spirit and use it to help our clients achieve their goals.

Jessie truly cares about the people she works with – both her co-workers and the clients they serve. Her goal is to create a seamless experience for clients and to act as a source of information whenever they have questions. Jessie understands that people want to be heard when they have concerns and aims to ensure clients feel validated. As she says, “We’re all in this together!”

Jessie graduated from Agnes Scott College, where she studied psychology and studio art. She describes herself as a huge bookworm with artistic leanings and loves reading and drawing portraits in her free time. She also studied ballet for 10 years and dreams of opening a used bookstore/animal shelter where everyone can leave with a book and a new furry friend.
