My NET WORTHWHILE™ is to help professional athletes take control of their financial independence.

Growing up as a coach's son, Wade has been around sports all his life. After college, Wade began his career at a multi-family office working through complex investment solutions for wealthy families. This included teaching investment strategies for multiple generations of family wealth. Wade used his unique set of skills and experiences to help create the SignaturePRO community, which empowers current and former professional athletes to gain control of their financial future.

When Wade joined SignatureFD, he was a member of the investment team. His primary responsibilities included managing portfolios, client communication, and helping to run an internally managed private fund comprised of private equity, credit, and real estate. Wade was later promoted to an advisor and helps his clients in all aspects of designing a financial plan. Prior to joining SignatureFD, Wade worked at GenSpring Family Offices as an investment analyst.

Wade graduated from the University of Georgia with a degree in Financial Planning and is an active member of Marietta Community Church.
